

LCD ADVERTISING PANELS

Our custom built advertising panels are the ideal promotional solution for any business in need of maximizing their product and services market potential.

Wall-mountable designer panels are available in a variety of screen sizes as well as in either landscape or portrait modes.

Custom graphics are applied to the acrylic fascia and the screen is mounted using satin silver wall studs.

The screen offers a built-in compact flash media player supporting JPEG, MP3, MPG 1, 2 & 4 media formats which are easily updated through a USB port. Audio speakers are featured in the base. A motion sensor and an RF remote control are included. An open chassis option is available.
